DISCOVERY.

Fousel's Pabulum Vitæ

Has now gained its position before the public as

THE ONLY REMEDY

yet discovered for the speedy relief and permanent cure of

CONSUMPTION,

Coughs, Colds, Hoarseness, Bronchitis, and all other Pulmonary Complaints

The discovery of an eminent French Physician after many years of study and observation, it continually meets with the most

ASTONISHING SUCCESS

in the treatment of the above complaints

Its unabated popularity, numerous certificates of remarkable cures, the recommendation of some of our most eminent physicians, and the analysis of Dr A A Hayes, the State Assayer, all give convincing proofs of

THE UNRIVALLED VIRTUES

And Unqualified Superiority

of this preparation to any other remedy now extant, and are constantly contributing to give it a wider and more enviable reputation From its volatile nature, it affords vapor freely, and consequently is DIRECT IN ITS ACTION UPON THE LUNGS AND AIR PASSAGES.

The discredit which has been thrown upon all preparations not prescribed by regular physicians, by reason of the recklessness with which worthless and injurious compounds have been imposed upon the public, will tend to deter many from availing themselves of the benefits of this preparation, the agent, however, assures the public in all sincerity, that this medicine is not only *perfectly safe, and free from all other deleterious ingredients*, but guarantees that it will effect all that he represents, not having heard of a single case where it has failed to give satisfaction.

It is warranted to cure

Consumption by using One to Six Bottles,

Bronchitis by using One to Three Bottles,

Cough by using less than One Bottle,

Colds by using it Two to Six Days,

Bleeding of the Lungs by using less than One Bottle,

Hoarseness by using less than One Bottle,

Soreness of the Chest by using less that One Bottle,

WHAT DOUGLAS IS TO MEET AT WASHINGTON The correspondent of the Boston Journal thus sets forth the entertainment in which Mr Douglas will be invited soon after he has been received with an ovation at Washington — Whichever way he may respond to the interesting inquiries propounded to him, a note will be made of it

The Judge is now in most a fine up the river from his southern trip, and having pulled their chestnuts from the fire in Illinois, he is to be accused of having smuttied his fingers with Black Republican soot He will be asked if it is true that at Freeport he asserted the right of the territorial Legislature to exclude a territory to be "perfect and complete under the Nebraska Kansas bill, and if he declared that "the law of the Nebraska bill was that principle" that the State of Illinois in 1855, and if he said, in reply to a question put to him by Mr Lincoln, that he would not advocate an interference by Congress in the purpose of protecting slavery in a territory where the territorial Legislature had excluded it If he has uttered the [illegible] sound on the point [illegible] will have to [illegible] the gentle and [illegible] Republicans [illegible] who [illegible] the Union [illegible] following [illegible] Mr Douglas [illegible] will fall back upon [illegible] he and other [illegible] everywhere, to a [illegible] the Union [illegible] his declaration will [illegible] the territories [illegible] titled. *Shall we [illegible]* And then we [illegible] per, and [illegible] and that [illegible] keep in the [illegible] really [illegible] have [illegible] Senator who defied the power of the Administration [illegible] gentlemen who have been [illegible] since the receipt of the returns [illegible] will take due to [illegible] this prophecy and govern themselves accordingly?

It has taught me many lessons, and [illegible] the importance of being a living active Christian I wish you all could, for a moment, realize as I now do

A SEVERE OPERATION — A well known citizen of Richmond recently received a letter from his son, a physician, now in California, giving an account of a surgical operation performed upon himself, the details of which bother upon the marvellous

"It is now one month since I have been here. I was getting on so slowly in Mary ville that I thought I would come to San Francisco to have an operation performed, to see why the principal bone in my leg did not unite After lying on my back in Marysville for 103 days, it was time, I think Besides, my physicians there and myself differed as to the cause, and being confident that my leg would not get well for a year perhaps, with their *inactive treatment*, I concluded to have it cut down upon and thoroughly examined Dr Cooper, an acquaintance of mine, and an excellent surgeon, in whom I have much confidence, has charge of my case At my request, and in the presence of some dozen or more physicians

he operated. An incision seven inches long was made upon the inner surface of the leg, then another at right angles; the flesh was carefully dissected from the bone throughout that extent, so as fully to expose the Rectum, &c. The bones were then sawed, and eight pieces of bone of different sizes removed. The ends were then well scraped, and after drilling six holes, three silver wires were introduced to bring and hold the ends together. The operation was a severe one, but I bore it without taking chloroform. I had suffered so much with my leg, and being anxious to get well, I could have stood any sort of operation.

STATE OF MAINE.

EXECUTIVE DEPARTMENT, August, Nov. 12, 1858.

An adjourned session of the Executive Council will be held at the Council Chamber, in Augusta, on *Wednesday*, the fifteenth day of December next. Attest,

NOAH SMITH, Jr., Secretary of State.

THE EFFECT OF THE VICTORY IN MASSACHUSETTS. A Boston correspondent of the Tribune justly remarks that the result of the recent election in Massachusetts places the Republican party on a firm foundation in that State. "The Old Whig party," he says, "is not likely to be re-organized; nor the American party. Both are gone forever. Everett, and Winthrop, and Gardner, and Hilliard, and Stetson, and Lunt—I be sure I cannot go any lower—have all found their proper place at last in the ranks of the Pro-Slavery Democracy. They cannot go out any more addresses or letters, advising the 'well-judging' voters, as they call them, to rally in the name of Americanism or Old Whiggery, for the rescue of the Constitution and the Union against the assaults of sectionalism—That game is up. The people understand these men very thoroughly, are not likely to be deceived by them again."

The recent contest has indeed demonstrated that the Republican party is the only one whose principles have any vital hold upon the hearts of the people; and as it is about clear of its compliant one with "Americanism," it is seen that its principles are those which the people desire to sustain.

The Democrats of Bangor fired 100 guns on the 11th, in honor of the triumph of Senator Douglas and popular sovereignty at the recent Illinois election.—*Augusta Age.*

How many of the "Democrats of Bangor" were engaged in that operation has not yet been satisfactorily ascertained. We believe some of "The democrats" in this region would be likely to resent the Age's wholesale imputation. "Do you hear those guns?" said Major H——, exultingly, to our friend B——, who is an unterrified Buchanan man, and without a bit of a wag. "Yes, I hear them," replied he, straightening back in his chair, "and they remind me that President Buchanan has made two mistakes in his administration—one in relation to Kansas, and the other in relation to Bangor. The first he might have survived, but the last will undoubtedly prove fatal. His administration would have recovered from Kansas, but when he declined to appoint Major H—— to the Bangor Custom House, it did the business for him."

It is stated that all the railroad companies between New York and Chicago have discontinued the running of second-class cars. The emigrant trains will do the second class business, and the fare on the latter has been raised from five to seven dollars between Buffalo and Chicago. The first-class fare is fifteen dollars from Buffalo or Suspension Bridge to Chicago.

On the 6th inst., the Republicans of Madison and adjoining counties, Kentucky, presented in Cassius M. Clay an elegant hickory cane, cut upon Kentucky soil. The cane was mounted with a gold head-piece, inscribed: "Presented to C. M. Clay by the Republicans of Kentucky, 1858."

The corn crop of Kansas this year is very abundant. The Leavenworth City Herald says it sells for twenty-five cents a bushel, is falling, and in some localities is a perfect drug in the market.

New Publications.

HOLIDAY GIFTS—PASTIMES FOR THE YOUNG.—Messrs Mayhew, Baker & Co., No. 228 Washington street, Boston, have just issued a series of "Home Pastimes," well calculated to amuse the children and to give wholesome exercise to their constructive powers. They are colored prints, on about Bristol board, of the different parts of various mechanical productions, which are to be cut out and put together properly by the child. No. 1 is "Charles' Wheelbarrow;" No. 2, "Frank's Sledge;" No. 3, "Miss Hattie's French Bedstead;" and No. 4, "Tom Thumb's Carriage." Eight more numbers of the series will soon be issued.

For sale by Mr. G. R. Patch.

Among the passengers who arrived in the Star of the West, are the two Senators from Oregon, Messrs. Smith and Grover. The admission of Oregon will probably be one of the earliest topics broached at the coming session, and, if admitted, these two Senators will at once take their seats. They are both Democrats.

The longest railroad on the globe is to be found in the United States, viz., the Illinois Central, being 704 miles long.

WORCESTER'S QUARTO DICTIONARY.—Hickling, Swan & Brewer, Boston, propose to publish, by subscription, a Library Edition of the above named work. It will contain a full vocabulary of the words now used in Literature, Art and Science, with such local and obsolete terms as are likely to be met with in writings that are now much read. It will be comprised in about 1800 pages. In ORTHOGRAPHY, the best usages, both in this country and in England will be represented. The PRONUNCIATION of all the words will be exhibited by a system of notation easily understood; and with regard to words of various, doubtful or disputed pronunciation, the best authorities for the different modes will be given. The department of ETYMOLOGY will be found to be more complete and satisfactory than any other work of the kind, giving, in a brief form, the results of the investigations of the best writers on that subject. The DEFINITIONS will be fully and accurately discriminated, distinguished by numbers, and exemplified, whenever practicable, by citations from the best authors. In the selection of examples, the aim has been to take such as would be valuable for the thought or sentiment they express, so that this Dictionary will present in a convenient form for reference a rich collection of the maxims and gems of the Language. The treatment of SYNONYMS will form a very valuable feature of the work. Very few even of the best speakers and writers become so thoroughly masters of their native language as never to experience embarrassment in discriminating between several expressions nearly related. It is to help in overcoming this difficulty that Dr. Worcester has prepared, in connection with these words, which seem to require, a notice of the synonymous terms, showing at a glance the distinctions to be observed in choosing among them. The grammatical forms and inflections of words will be given more fully than ever before in any English Dictionary, and brief critical notes on the orthography, pronunciation, grammatical form and construction, and on the modes, technical, local, provincial and American uses of words, will be found scattered throughout the volume.

Another novel and useful feature of this Dictionary will be the ILLUSTRATIONS by wood cuts, about 200 in number, beautifully executed. There are many terms, which cannot be easily defined by a verbal explanation, and a pictorial representation will be given, conveying, at once, a correct idea of their meaning. Much important and useful matter will be given in the Introduction. Walker's Key to the pronunciation of classical, scriptural names enlarged and improved, will be added; in short, the scholar will be able to find in this Quarto Dictionary by Dr. Worcester, every thing that he could reasonably expect. The price for the Library edition will be $7,50, which will be the retail price for the common edition. Persons subscribing will therefore secure the Library edition at the same price that they would be obliged to pay for the common edition after its publication.

ANOTHER SHOCKING TRAGEDY.—A crime has been committed at Chicopee, Mass., which the Springfield Republican says is one of the most horrible that ever occurred in Massachusetts. On Friday evening the 5th inst., a little girl eight years old, named Augustine Lucas was abducted from her home in Chicopee by Alexander Desmarteau, a travelling pedlar, carried to the Connecticut River Bridge, shamefully abused, and finally killed and thrown into the river.

When the body was recovered, the throat showed marks of strangulation, and the skull was broken by two heavy blows. The murderer was arrested on the verdict of the Coroner's Jury, and has been committed for trial. He exhibited no signs of emotion, but the people of Chicopee are terribly excited. Previous to the discovery of the murder he had been sentenced to the House of Correction for one year for theft.

Various Items.

AN UNCONTROLLABLE IMPULSE TO STEAL.—A wealthy lady of Harlem was discovered at Stewart's, New York, last week, with two pieces of silk under her shawl, valued at $140, with which she was making off. She was taken to the police office, but discharged—not being a professional shop-lifter, and it being represented that the goods were taken in consequence of an "uncontrollable impulse"—*Poor people are not allowed to have uncontrollable impulses, we believe.*

A SENSIBLE CUSTOM.—It is becoming the custom out West for newly married people to send to newspaper publishers, along with their marriage notice a year's subscription.

SCANDALOUS INSINUATION.—A store-keeper in Worcester advertises ten pounds of sausages for a dollar, whereupon an exchange exclaims—"*dog cheap!*"

STRONG BITTERS.—In St. Louis, last week, a pedlar sold some acoulte to a Dutchman as an excellent article to use in making whiskey bitters. The next day the Dutchman invited four friends to try some of his bitters, the result of which was that they were all poisoned, and one of them, who probably took an extra nipper, died. The surviving Dutchmen will in future stick to lager beer.

RAILWAY ACCIDENT.—A dividend now is due.

TYPOGRAPHICAL ERRORS.—One of our exchanges says, "the early crop of Gascoinade county, Mo., this year is estimated at 25,000 gallons." The wine crop was referred to, but 25,000 gal. will make a good crop of wines notwithstanding. The Cincinnati Times, noticing the death of an editor, says, "he was a high minded gentleman, and a pungent writer." Perhaps he was a stump speaker of the high-winded school of oratory. A Locofoco editor says "the Democracy are *Hewed* like a band of brethren," instead of linked, and another says, "we have met the enemy and we are theirs." Types play sad pranks.—*Louisville Journal.*

NEW CHURCH.—We learn from the Waldoboro' that a new Baptist church was recognized by a council called for that purpose, on Wednesday, Nov. 3d, in the thriving village of South Dodgetown.

LOCAL AND MAINE NEWS.

EXERCISES AT OLDTOWN.—The students of the Union Academy at Oldtown, gave a public exhibition, at the Baptist Meeting House, on Tuesday evening, the 16th inst.

The exercises consisted of Orations, Declamations, Dialogues and Plays, in which the young men and misses composing the school took and well sustained a great variety of parts.

The audience was large and much interested in the performances of the evening. Mr. Ludden, the Preceptor of the Academy, deserves great credit for his judicious efforts to promote the interests of his pupils, and happily succeeds in combining instruction with amusement. The high character of all the performances, and the *ease* of the whole exhibition were alike honorable to the pupils and to their teacher. The music by Streeter's Quadrille Band was excellent, and heightened the interest of the evening.

HOUSE IN HUDSON BURNT.—A small dwelling house in Hudson was burned with all its contents, on Tuesday night. Mrs. Pierce, who occupied it, and to whose daughter it belonged was obliged to escape with her grandchild through the window. The house was nearly new, and cost $800. Supposed to be insured for $300.

FATAL CASE OF BURNING.—We learn that Mrs. Hannah Watts, relict of the late Capt. John Watts of St. George, an old lady of 70, was so badly burned on Thursday last, that she died on the Tuesday following. Her clothing took fire by a spark from an open fire, and as no one happened to be in the room at the moment, the fire was not extinguished until she was fatally burned.

SUDDEN DEATH.—A friend informs us that on Tuesday morning last, at Thomaston, Mrs. Mary Hawthorn, widow of the late Samuel Hawthorn, was found dead in her bed. Her daughter slept with her, but was not aware of any illness or movement during the night. Her age was 86.

The Androscoggin was frozen over at Brunswick on Monday last.

Henry Norcross of Augusta, recently sold a trotting horse (five years old) which took a third prize at the State Fair, for $1000. New York man was the purchaser.

The ladies of the Unitarian society in Bath, did a festival on Wednesday evening of last week. Tableaux were a feature of the entertainment. The receipts of the evening were towards of $180, after defraying expenses.

DEATH OF A REVOLUTIONARY VETERAN.—Charles Church, a soldier of the revolution, died at Phillips, Me., on the 12th inst., at the age of about ninety-five years. He was a descendant of Capt. Church, of King Philip's town.

ROBBERY AT NEWPORT.—On Friday night last the house of D B Bradbury, Esq., of Newport, was entered and $118 taken from the pantaloons of Mr. B. which hung by the bedside. Mr B knew nothing of the entrance of the burglar, who seems to have come in at the window and gone out at the front door, carefully leaving it unlocked. The notorious Bill, whom officer Lurvey brought into Bangor from the Charlestown State Prison, has been just, and having been seen in the neighborhood, is suspected of being concerned in it, with accomplices who know the premises.—*Dem.*

PANORAMA OF JERUSALEM.—The following deserved testimonial has been given without solicitation by Rev Mr Bapst, of this city: "Mr Rake's Progress, as a work of art, is fine and superior to anything I have seen in this line. *As a moral work*, it merits invaluable. It preaches Temperance, more eloquently perhaps, than the most eloquent sermon could. The impressions we receive by the eye are stronger sometimes than those we receive by the ears. It is the case in the Rake's Progress. The Panorama, with the magical power of illusion, which, by scenes as real as painting creates, exhibits the drunkard's career, step by step, from his boyhood to his death, by delirium-tremens, in striking contrast with the career of a Temperate youth rising from the deepest misery, and, by the energy of his will, raising himself to the highest honor and dignity. As the contrasting scenes are passing, like a dream before the mind, I am carried away by feelings and emotions which no eloquence could produce. The distinguished Artist is entitled to the warmest thanks of all the lovers of Temperance. May his noble Work obtain the intended result!

JOHN BAPST.

Bangor, Nov. 17, 1858.

The exhibition last evening the City was filled to overflowing, and the audience were highly gratified. We are pleased to learn that this Panorama is to be exhibited this night and to-morrow night, and also to-morrow afternoon, to give the scholars another opportunity to witness it.

A DECAYED CITY.—We find the following on in the ancient city charter of old Agamenticus, going the rounds without credit. Persons are aware that a chartered city of Maine two hundred years ago:—

A OLDEST CITY.—A paragraph is going the round that Vergennes, Vt., is the oldest city in the United States, its charter running back the year 1789, if we are not mistaken. But a city down here in Maine before Vergennes was so much as dreamed of. In the year 1540, Thomas Gorges, a "well-beloved" cousin of the famed Sir Ferdinando Gorges, came over to this country as head commander of the then "Province of Maine," presently called New Somersetshire. After roaming in Boston, a bit of a town, a few miles the chronicles state, he came east, as wise man does, and took up his residence in the town of Agamenticus, now known as York." The place was incorporated by the name of "Gorgeana," which would have retained until the day, in humbler dominions earliest aid best friend. The new city was governed by a Mayor, recorder and seven Aldermen. We do not whether it was walled or not, but there are we believe pretty many, plenty of rocks lying about Old York to wall in a Jedediah among the ordinations in the charter case;—that Wednesday in every week be market day, and there should be every year on the two feast days of St. Peter and St. Paul. We doubt whether this ordinance is enforced at the present day.

MISTAKEN LUCK.—By the decease of Porter, Esq., of Haverhill, Mass., his son John Porter, publisher of the Rockland, comes into possession of a legacy of $600. Chas. G. Porter, of this city, his nephew, has $500. The deceased, a bachelor, with an estate estimated at $15,000, which will be divided among some thirty relatives and friends.

The Court allowed an amendment of the writ on payment of the costs of this term. 2d, that the widow had, in her hands, effects of the intestate, before the allowance, and that the amount of the allowance, including these effects in her hands, had been received by her. 3d, that if there was any amount of said allowance due said widow, it was not paid because of the refusal of her attorney to give a receipt therefor, in accordance with the decree of the Probate Court.

EASTERN ITEMS. The following items are from the Machias Union:—

Appearances now indicate that considerable more lumber will be cut in on the Narraguagus, by the Cherryfield lumber dealers, this winter, than for two or three years past.

Twenty-five thousand feet of oars, running measure, have been manufactured at Bedding ton, during the present year. These oars find a market, at prices ranging from $45 to $60 per 1000 feet.

Nearly a dozen persons, mostly young men, left Calais for California on the 1st inst.

The St. Croix Log Driving Company, during some of the summer months, employed between two and three thousand men according to the St. Croix Herald.

JUDGE DAVIS. In regard to Judge Davis's health the Argus of Wednesday says: "Judge Davis, yesterday, was in a very comfortable condition, and he hopes to be able to come in on Monday next to finish up the business of the term." On Saturday last Judge D. had a severe attack of bleeding at the lungs.

The Directors of the Cosmopolitan Art Association announce that they will serve the elegant engraving The Village Blacksmith to their subscribers in the order in which their subscriptions are received. We would therefore advise all persons intending to subscribe to do so at once, as the early impression from the Plate will undoubtedly be superior to those of a later date.

Mr. D. M. Howard, Hon. Secretary for Bangor, will receive and forward subscriptions.

ANOTHER OVERAGE.—Mr. David White, a worthy and respectable citizen, while passing down Lime street in Portland, about half past 9 o'clock on Tuesday evening, was assaulted by a man, who came up and took hold of him. Mr. White tore himself away from their grasp and defended himself from their attacks, at the same time calling for the police. The scoundrels, alarmed by his call, made off, and, though pursued as far as Federal street, escaped.

The Thomaston Advertiser says that Chas. G Smith, Esq., of that town, has been appointed Inspector of the Maine State Prison, in place of Roger Hanley, of Newcastle, resigned.

DISCENT ON A GAMBLING SHOP AT CALAIS. The Calais Advertiser says:—

Mayor Lawrence with a small posse made a descent on a gambling establishment and rum shop kept in back of Hill's brick building, on Wednesday evening last, where he found some twenty persons assembled, of all ages—some were playing cards, others were looking on watching the progress of the game, and smoking and chatting. On seeing his Honor the players threw up their hands, and all made a simultaneous dive for the door, but only four effected their escape out of the twenty; the rest were detained long enough to be fully recognized, and let go. The proprietor of the establishment has been arrested, and will be tried on Friday on the charge of keeping a rum shop and gambling establishment.

The wife of Captain Stephen Labby, of Scarboro', aged nearly 80 years, died very suddenly on Friday, 5th. She had been married 51 years to her surviving partner. She was the mother of Mrs. Lord, wife of the editor of the Christian Mirror, and of F O. & J. B. Libby of Portland. She was talking with a child, apparently well, when she fell upon the floor and died in two hours.

The Congregational Church and Society at South Berwick, have invited Rev. Ebenezer Douglas of Oldtown to become their pastor, upon a salary of $1000.

We learn with regret that after some days and weeks of delay between Mr Ricker, the popular landlord of the Stanley House, and the proprietors of that property, as to the future rent, Mr Ricker has determined to relinquish it, and is engaged in removing the carpets and furniture. We regard this as most unfortunate for our city and for all concerned.—*Kennebec Journal.*

PASTORAL.—Rev M J Kelly has taken charge of the Baptist church in Jefferson.

We learn that Rev W H Kelton, a graduate of the Theological Institute of Fairfax, Vt., has accepted a call to the First Baptist church in Blanchard.

J. Maltby, Pastor of the church; by reports, remarks, and the communication of letters or sentiments from past and present members of the school, in the afternoon and evening of Tuesday, December, 7th, 1858. All who have been connected with the school, as teacher or pupil, are invited to be present to take part in the exercises, or send some communication to be read. Letters may be addressed to Mrs B. F. ANOTHER ACCIDENT FROM A FLUID LAMP. A painful accident occurred last evening, in the family of Mr A. Brunell, (expressman) 19 Willow street. The hired girl, named Jane Newcomb, was engaged in filling a fluid lamp which was standing close by one that was lighted, when the fluid ignited, bursting the lamp, catching her clothes on fire, and badly burning her. Her shrieks brought a person from the street to her relief, who found her enveloped in flames,—which they, by the use of water and throwing coverlids over her, succeeded in putting out, but not till her body and face were dreadfully burned. Medical aid was immediately called in, but her recovery is somewhat doubtful.—*Portland Transcript.*

MARINE DISASTERS.—Bark Tejuca, of Searsport, Harriman, at Portland from Turk's Island 1st inst., (before reported put to sea in a gale) has got out 40 tons of ballast, and taken in 800 bushels of salt at Turk's Island, when the weather looking bad, got ready for sea; at 11 P. M., 21st, the wind struck in a squall from SW; at 2 o'clock the gale increased. At 3 P. M., 22d, with the assistance of extra men from shore, got under weigh and proceeded to sea, slipping the stream anchor and also the hedge, which was lost. In ten minutes after getting under sail lost fore topsail, jib and spanker, ship very crank, being light ballasted, after clearing the reef, hove to and drifted 160 miles to N E. After being absent about 5 days, returned to the island and finished loading. Ship Arizona, of Damariscotta, from Boston for Savannah, before reported ashore South of Tyber, floated off at high tide, uninjured.

ARREST FOR PASSING A COUNTERFEIT BANK BILL.—Last evening the 2d Police arrested a well dressed young man, giving his name as George Benton, for passing a counterfeit "ten" on the Boylston Bank, at the store of F. A. Hawley & Co., Congress street. The counterfeit is one of the photographic manufacture, dated October 15, 1856, and is perfect in every respect, with the exception of being a shade darker than the genuine. Benton was committed to the Tombs, to await examination in the Police Court to-day.—*Boston Journal.*

OATS.—We notice very few arrivals from P. E. Island, of this large article of export, and our friends informs us that the shipments to Halifax will be much lighter than usual—the railway works in New Brunswick causing an increased demand in that quarter, and large quantities are being shipped both to England and the States. One vessel at Charlottetown has now loaded 20,000 bushels for England, on New York account.—*St. John, N. B., Courier.*

EYE SIGHT.—Milton's blindness was the result of overwork and dyspepsia.

One of the most eminent American divines who has for some time been compelled to forego the pleasure of reading, has spent thousands of dollars in vain, and lost years of time in consequence of getting up several hours before day, and studying by artificial light. His eyes will never get well.

Multitudes of men and women have made their eyes weak for life by the too free use of the eyesight in reading small print, and doing fine sewing. In view of these things, it is well to observe the following rules in the use of the eyes:

Avoid all sudden changes between light and darkness.

Never begin to read, or write, or sew for several minutes after coming from darkness to a bright light.

Never read by twilight, or moonlight, or on a very cloudy day.

Never read or sew directly in front of the light, or window, or door.

It is best to have the light fall from above, obliquely over the shoulder.

Never sleep so that, on first waking, the eyes shall open on the light of a window.

Do not use the eye sight by light so scant that it requires an effort to discriminate.

Too much light creates a glare, and pains and confuses the sight. The moment you are sensible of an effort to distinguish, that moment cease, and take a walk or ride.

The moment you are instinctively prompted to rub your eyes, that moment cease using them.

If the eyelids are glued together on waking up, do not forcibly open them, but apply the saliva with the finger—it is the speediest ointment in the world—then wash your eyes and face in warm water.—*Hall's Journal of Health.*

CAUSE.—By playing at Chess we learn, 1st, Foresight; 2nd, Circumspection; 3rd, Caution, not to make our moves too hastily.—We learn, also, the habit of not being discouraged by present bad appearances in the state of our affairs, the habit of hoping for a favorable change, and that of persevering in the search of resources.—*Dr. Franklin.*

THE SALARY OF THE PRESIDENT OF THE ERIE RAILROAD.—The New York Tribune says the Executive Committee of the Erie Railroad have decided that it is not expedient to reduce at present the amount of the Presidential salary.

HAMPDEN STREET SABBATH SCHOOL.—On the 5th day of December, 1833, this school was organized, and as the coming anniversary will close the first quarter of a century in its history, it is proposed to commemorate the occasion by an address from Rev. J. Maltby, Pastor of the church; by reports, remarks, and the communication of letters or sentiments from past and present members of the school, in the afternoon and evening of Tuesday, December, 7th, 1858. All who have been connected with the school, as teacher or pupil, are invited to be present to take part in the exercises, or send some communication to be read. Letters may be addressed to Mrs B. F. Duren, Secretary, Bangor, Me.

DEDICATION.—The new congregational meeting house, at North Deer Isle, will be dedicated by appropriate religious services, on Wednesday, the first day of December, next, at ten o'clock, A. M.

MORE CATTLE.—A train of between forty and fifty cars left the depot of the K & P. railroad on Tuesday morning last. Twenty-seven of the cars were crowded with cattle and sheep from the upper counties.—*Augusta Age.*

MAN LOST.—Samuel Sumner, of Appleton, left his residence on Tuesday, Nov. 9th, and has not since been heard from; he is an old man, nearly seventy-nine years of age, about five feet ten inches in height, straight, and slim, and partially deranged. Information may be sent to Chester B. Sumner.

INJUNCTION PRAYED FOR.—A bill has been filed in the U S Circuit Court for this district, by the Maine Telegraph Company, praying for an injunction against the Union Line.—The hearing will come off before Judge Ware, in Portland, on Tuesday next.

ANOTHER ACCIDENT FROM A FLUID LAMP. A painful accident occurred last evening, in the family of Mr A. Brunell, (expressman) 19 Willow street. The hired girl, named Jane Newcomb, was engaged in filling a fluid lamp which was standing close by one that was lighted, when the fluid ignited, bursting the lamp, catching her clothes on fire, and badly burning her. Her shrieks brought a person from the street to her relief, who found her enveloped in flames,—which they, by the use of water and throwing coverlids over her, succeeded in putting out, but not till her body and face were dreadfully burned. Medical aid was immediately called in, but her recovery is somewhat doubtful.—*Portland Transcript.*

MARINE DISASTERS.—Bark Tejuca, of Searsport, Harriman, at Portland from Turk's Island 1st inst., (before reported put to sea in a gale) has got out 40 tons of ballast, and taken in 800 bushels of salt at Turk's Island, when the weather looking bad, got ready for sea; at 11 P. M., 21st, the wind struck in a squall from SW; at 2 o'clock the gale increased. At 3 P. M., 22d, with the assistance of extra men from shore, got under weigh and proceeded to sea, slipping the stream anchor and also the hedge, which was lost. In ten minutes after getting under sail lost fore topsail, jib and spanker, ship very crank, being light ballasted, after clearing the reef, hove to and drifted 160 miles to N E. After being absent about 5 days, returned to the island and finished loading. Ship Arizona, of Damariscotta, from Boston for Savannah, before reported ashore South of Tyber, floated off at high tide, uninjured.

ARREST FOR PASSING A COUNTERFEIT BANK BILL.—Last evening the 2d Police arrested a well dressed young man, giving his name as George Benton, for passing a counterfeit "ten" on the Boylston Bank, at the store of F. A. Hawley & Co., Congress street. The counterfeit is one of the photographic manufacture, dated October 15, 1856, and is perfect in every respect, with the exception of being a shade darker than the genuine. Benton was committed to the Tombs, to await examination in the Police Court to-day.—*Boston Journal.*

THE SALARY OF THE PRESIDENT OF THE ERIE RAILROAD.—The New York Tribune says the Executive Committee of the Erie Railroad have decided that it is not expedient to reduce at present the amount of the Presidential salary.

In the present embarrassed condition of the affairs of the road, it was deemed to be the policy of the road to retain the services of Mr. Moran, even at the present excessive compensation of $25,000 a year.

Bad temper often is the result of unhappy circumstances than of an unhappy organization. It frequently, however, has a physical cause, and a peevish child often needs drilling more than correcting. Some children are more prone to show temper than others, and sometimes on account of qualities which are valuable in themselves. A child of active temperament, sensitive feeling and eager purpose is more likely to meet with rube and to show passion, than a dull, passive child.
